Derby Car and Hot Wheel Races

Our remote-start track ensures a fair start for every racer. Start each race with the remote or the red push button, and the track records the 1st-place finish time and the 2nd- through 6th-place finishers, depending on whether you are running Derby or Hot Wheels.

Below are separate Derby Car and Hot Wheels sections. Jump to the one you need.

Note: we supply everything, labour included, so there is nothing for you to worry about.

Derby Car Section

Each racer moves through five stations:

- Car Dealership: choose one of four car models.
- Paint Shop: paint the car any way you like. Fans speed up drying.
- Wheel alignment and weight shop: each car starts at about 3 oz and may weigh up to 5 oz. Every car is weighed before the race.
- Test Drive Center: register to race and run your car down the track once to see how it performs.
- Race: the winner of each run advances in a single-elimination bracket. After the champion is decided, racers can line up to race as often as they like.

We provide table coverings for painting.

We also supply water cups and cloths for rinsing and drying brushes.

Fans are provided to dry the cars.

All we need from you is access to water.

This activity suits all ages and should takes about 2 to 2.5 hours, depending on the number of racers.

Pricing Structure

The Race Official (labour) fee is a flat $50 plus tax.

The racecourse is $100 plus tax.

10 racers or fewer: $15 per racer, plus tax.

11 to 20 racers: $12.50 per racer, plus tax.

21 racers or more: $10 per racer, plus tax.

Every racer keeps their car as a keepsake.

Hot Wheels Section

Each racer will:

- Bring their own Hot Wheels car or choose one from our loaner cars.
- Receive two numbers: a lane number and a heat number.
- Take two test drives on the track.
- Be called by name for their race once test drives are done. The top two racers advance.
- Racing continues until the top three winners are decided.
- Once racing is finished, race as many times as you like.

This activity suits all ages.

It takes about 2 to 2.5 hours, depending on the number of racers.

Pricing Structure

The Race Official (labour) fee is a flat $100 plus tax.

The racecourse and cars are $150 plus tax.

Special Notes

Tables are $10 each and chairs are $3 each, plus tax.

The track is 14 feet long. We need an area of about 18 by 6 feet for the track and spectators.
